Sub: Reg. geo-tagging of photographs and filling up the RUSA fund tracker by the RUSA funded Colleges/Universities.

Madam/Sir,

With reference to the subject cited above, I am directed to say that the RUSA fund tracker and Bhuvan RUSA App are important performance indicators/ key components intending towards further release of funds. The Bhuvan RUSA App for geo-tagging of photographs is aimed at bringing more transparency in funds release and utilization both at Central and State level. It is however, noticed that there is missing data in the information provided by the Colleges/Universities in the fund tracker and geo-tagging of photographs. This is hampering the process of enabling MHRD to track the utilization of funds and making the App fully functional.

Further, it is to inform that, only complete data from Colleges/ Universities with regards to the fund tracker and geo-tagged status on Bhuvan RUSA portal would make them eligible for further release of funds.

Hence, you are requested to please ensure that all the missing data be provided in the RUSA fund tracker and geo-tagging of photographs be made as well as, if at all not done, be completed positively latest by 5.00pm of 17<sup>th</sup> May 2017 and a line of written confirmation be sent to the official e-mail ID i.e. [rusa.odisha@gmail.com](mailto:rusa.odisha@gmail.com) for placing the same before Principal Secretary for his kind perusal and onward transmission. A review meeting to that effect will be held for those defaulter Colleges/ Universities very shortly beyond the deadline date.

This is treated as **Most Urgent**

Yours faithfully,

M.K.
